## FUZE Healthy Infuzions

Finally, a great-tasting, good-for-you beverage! FUZE Slenderize is the new drink containing a unique metabolic formula that can help you lose weight while containing a low amount of carbs, sugars and calories. Here, *CW* assistant editor Terra Cooney took the taste test, and you can, too. Find your favorite of the three new flavors in your nearest major grocery, convenience store or deli.

### FUZE Slenderize Sugar Free Tropical Punch

"The taste is great," says Cooney. "You would never know this drink is a good *for* you, too!" With its fruit-packed punch, the FUZE Slenderize Sugar-Free Tropical Punch has us fooled with its savory sweetness.

### FUZE Slenderize Cranberry-Raspberry

"I love this one, too, but I was already in love with the Tropical Punch," reports our *CW* staffer. If you're a fan of cranberry, FUZE Slenderize Cranberry-Raspberry could be your new best friend.
